

THE DENMAN FIRESTARTER

Back issue, The Denman Firestarter did not exist on 2019-03-07. This edition was compiled on 2026-10-01 from the public record as it stood on 2019-03-07, and contains nothing dated after that day — no outcomes, no hindsight. It is a reconstruction of what was on the record at the time, not a document from the time.

Denman housing application seeks room for up to 25 homes

The Denman Housing Association’s rezoning application was before the Local Trust Committee, with staff seeking more information on water, sewage and environmental protection.

REPORT — FACTS AND CITATIONS ONLY

THE DENMAN FIRESTARTER

The Denman Housing Association’s application seeks to reduce density on a donor parcel and allow up to 25 dwellings on a receiver parcel, including 20 rent-controlled affordable homes, according to the November meeting minutes.¹

Regional Planning Manager Ann Kjerulf told the committee that staff recommended the applicant provide further information about groundwater supply, sewage disposal and protection of environmentally sensitive areas.¹

Simon Palmer, speaking for the association, said approvals were needed by June 2019 under conditions of its BC Housing grant. He asked the committee to expedite the application and limit the requested information to the project site.¹

The minutes record the application and discussion; they do not record a decision approving the rezoning.¹
