

The Denman Firestarter

Back issue. The Denman Firestarter did not exist on 2021-10-14. This edition was compiled on 2026-10-01 from the public record as it stood on 2021-10-14, and contains nothing dated after that day — no outcomes, no hindsight. It is a reconstruction of what was on the record at the time, not a document from the time.

Covered recreation space awaits final quote and grant decisions

The committee selected Tree Island Construction for the proposed structure beside the Denman Island Community Hall.

REPORT — FACTS AND CITATIONS ONLY

THE DENMAN FIRESTARTER

A proposed covered recreation space beside the Denman Island Community Hall is awaiting a final quote and images of the structure in place, according to an update from the Denman Island Community Education Society (DICES) in this week’s Grapevine.¹

The Covered Recreational Space Committee selected local company Tree Island Construction from the proposals it received, the update said.¹

Grant applications seeking additional funding were submitted in recent months, with confirmation of approvals still pending. The project is intended for community activities and free play, and the update said the design would allow airflow to lessen the risk of COVID-19 transmission.¹

Denman wood-debris pickup set to begin October 18

The free chipping program asks residents to place eligible bundles by the road before work starts.

REPORT — FACTS AND CITATIONS ONLY

THE DENMAN FIRESTARTER

A free wood-debris pickup on Denman is scheduled to begin October 18, according to a notice in this week’s Grapevine.¹

The notice said the Comox Valley Regional District and K’ómoks First Nation were offering the program using Community Resiliency Investment Grant funding. Chipped wood was to remain on Denman and go to Two Roads Farm for mixing and composting.¹

The notice said branches must be under 16 centimetres in diameter and under 10 metres long. It excluded leaves, treated lumber, roots, rocks, nails and invasive species, and asked residents to stack branch ends in the same direction.¹

Bundles were to be placed visibly at the end of driveways, not on public roadways. The notice said debris brought out after work began might not be picked up.¹
