

The Denman Firestarter

First for news. Second for kindling.

Denman Island, British Columbia

January 6, 2022

No. 336

Back issue, The Denman Firestarter did not exist on 2022-01-06. This edition was compiled on 2026-10-01 from the public record as it stood on 2022-01-06, and contains nothing dated after that day — no outcomes, no hindsight. It is a reconstruction of what was on the record at the time, not a document from the time.

Denman Green plans include rainwater and greywater systems

The Denman Housing Association says its 20-unit affordable housing project is in the design stage, with several sustainability features planned.

REPORT — FACTS AND CITATIONS ONLY

THE DENMAN FIRESTARTER

The Denman Housing Association says its 20-unit affordable housing project, Denman Green, is in the design stage and plans to use treated rainwater for half of its potable water supply.¹

The association says the project also plans to treat and reuse water from showers and basins for toilet flushing, and to install a

solar array intended to meet most of its annual energy demand.¹

The association says the project will include energy-saving features. It describes the site as steps from village stores, across the road from the school and a 10-minute walk from the ferry.¹

A community information meeting is scheduled by Zoom for January 13, from 7 to 9 p.m.¹

THE ISLAND

Garbage pickup day changes to Thursday

A notice in the January 6 Grapevine says Denman’s garbage collection day has changed and the route has expanded.

REPORT — FACTS AND CITATIONS ONLY

THE DENMAN FIRESTARTER

Denman garbage pickup day is now Thursday, according to a notice in the January 6 issue of The Islands Grapevine.¹

The notice says the collection route has expanded to include Danes Road, Pinecrest, Park Road and Swan Road. It identifies Strathcona Recycling & Disposal as the new service provider and gives new contact information.¹

The notice directs residents to a new schedule posted on the Denman Island Residents Association website.¹
