No. 402

Back issue, The Denman Firestarter did not exist on 2023-06-15. This edition was compiled on 2026-10-01 from the public record as it stood on 2023-06-15, and contains nothing dated after that day — no outcomes, no hindsight. It is a reconstruction of what was on the record at the time, not a document from the time.

Denman clinic outlines new physician and patient access

The island clinic says Dr. Jody Taylor is working full time and describes how Denman residents can use its services.

REPORT — FACTS AND CITATIONS ONLY

THE DENMAN FIRESTARTER

The Denman Island Medical Clinic says Dr. Jody Taylor is its full-time physician, working Monday through Wednesday and providing dermatology services on Thursday mornings.¹

The clinic says it is part of a primary care network, with access to a social worker, pharmacist, registered nurse, dietician and

counselling services.¹

The clinic says it will primarily serve Denman residents who have no other family physician in British Columbia. Residents who keep a family physician elsewhere can be seen for urgent medical

needs, and the clinic reserves three to five appointments a day for those visits.¹

The update also directs people with medical emergencies such as chest pain or extreme difficulty breathing to call 911.¹
