Back issue. The Denman Firestarter did not exist on 2024-07-18. This edition was compiled on 2026-10-01 from the public record as it stood on 2024-07-18, and contains nothing dated after that day — no outcomes, no hindsight. It is a reconstruction of what was on the record at the time, not a document from the time.

REPORT — FACTS AND CITATIONS ONLY

THE DENMAN FIRESTARTER

The Denman Island Local Trust Committee endorsed a revised project charter for Phase 2 of Stage 2 of the Denman Island Housing Review Project at its May 7 special meeting.¹

The minutes say staff had proposed a process that included fair and respectful engagement with the K’ómoks First Nation, with more detailed engagement in some areas and limited analysis in others.¹

Trustees said they wanted to maintain the siting and use permitting tool and to examine tiny homes on wheels in more detail. They also said they were not interested in applying densities to parkland.¹

The committee also endorsed a charter for a Housing Related Temporary Use Permit Review Project as a minor project and endorsed an amended Denman Island Housing Action Plan.¹
